

WELCOME TO THE MALBORGHETTO WOODS

The **Trekking of Malborghetto** is a circular route that, starting from the centre of the village, leads into the local and wild nature.

Admire Malborghetto and Cucco in an unusual and new vision: walking along rivers, through clearings, fir and beech woods and fording mountain streams.

Enjoy the beauty of an easy and adventurous walk in Malborghetto, not only a cultural centre but also a true Alpine nature area.

The *Trekking of Malborghetto* is a modular route, where walkers can choose from three different ring trails of varying lengths.

A truly pleasant hike, perfectly signposted, between the valley floor and the wooded slopes of the Julian Alps.
